# AMIT HAPASE

Fresher Developer & QA

✉ amit@hapase.com ☎ +917070080887 🌐 hapase.com 👤 LinkedIn 🏠 Pune, India

---

## SUMMARY

**Developer & QA** proficient in **Playwright** using **Typescript**, with strong knowledge of **Javascript, Java, HTML, CSS, REST APIs & Linux, Git** version control and **Testing** with **TOSCA**.

---

## TECHNICAL SKILLS

- |                   |            |                  |          |
|-------------------|------------|------------------|----------|
| • Playwright      | • SQL      | • HTML 5         | • Python |
| • TypeScript      | • Java     | • CSS 3          |          |
| • JavaScript ES14 | • REST API | • Manual Testing |          |

---

## TOOLS & OS

- |              |           |         |           |
|--------------|-----------|---------|-----------|
| • PostgreSQL | • Vim     | • TOSCA | • Windows |
| • Git        | • VS Code | • Linux |           |

---

## CERTIFICATIONS

- |                                                         |              |                |                 |
|---------------------------------------------------------|--------------|----------------|-----------------|
| • Learn Playwright with TypeScript (Web & API Testing)  | By Udemy     |                |                 |
| • SQL and PostgreSQL for Beginners: Become a SQL Expert | By Udemy     |                |                 |
| • Tosca Automation Specialist 1                         | By Tricentis |                |                 |
| • Tosca Automation Specialist 2                         | By Tricentis |                |                 |
| • Red Hat Certified Engineer (RHCE)                     | By Red Hat   | 271 out of 300 | ID: 180-307-902 |
| • Red Hat Certified System Administrator (RHCSA)        | By Red Hat   | 250 out of 300 | ID: 180-307-902 |

---

## PROJECTS

### Market Data ([GitHub](#))

- Fetched stock exchange JSON data using Python multithreading & stored it in CSV
- Processed data using Pandas lib and visualized trends with Matplotlib animated charts.
- Built logic to calculate updated values and verify CSV for existing values using pandas.

### FFmpeg Mobile ([GitHub](#))

- Automated video FPS conversion, trimming, and compression using Python and FFMpeg.
- Optimized scripts for batch processing to handle multiple files efficiently for faster output.

---

## EDUCATION

### Savitribai Phule University of Pune

- |                                     |     |      |
|-------------------------------------|-----|------|
| • Bachelor of Computer Applications | 60% | 2018 |
| • Higher Secondary Certificate      | 54% | 2009 |
| • Secondary School Certificate      | 49% | 2006 |

---

## SOFT SKILLS

- |                 |                |                 |
|-----------------|----------------|-----------------|
| • Communication | • Teamwork     | • Creativity    |
| • Focus         | • Adaptability | • Collaboration |
